Registration is officially open for the Mother's Summit 2023. Our goal is for women, sisters, and aunties, to leave the Mother's Summit reconnected with their family, friends, and overall community. First, by embracing their role in society; acknowledging that we as women have an impact. Then, creating a desire to have a positive influence. Empowering the women in our community with courage to stand up for Godliness, so we can see the results in our children.
